What is the Chamber of Commerce?

The Chamber of Commerce is a member-based organization that is designed to enhance the growth, development, economy, beauty, and quality of life in Seminole.

How does the Chamber work?

Our group is made up of over 200 members, both individuals and businesses, who support the President and staff. The President and the programs of the Chamber are governed by a member-elected Board of Directors. The board also helps carry out the goals and objectives that are set each year. Meanwhile, the staff conducts the day-to-day business of the Chamber and works on those goals that require full time attention.

Why is having an active Chamber important to Seminole?

An active and thriving Chamber of Commerce can mean the difference between a stagnant town and a growing community. Chamber activity and participation has a positive effect on business retention & expansion, quality of life, economic development, and many other elements. The Seminole Chamber of Commerce does the work that many people think just happens. Success is no accident!
